Bonus Battle

Using certain tag-pairs will give you an extra fight after you've defeated Jyazu. You'll pick one of your characters, and fight 1-on-1 against your (CPU controlled) partner. These pairs (4 total) are:

Hayate & Eagle
Kage Shishioh & Gozu
Gordon & Rosa
Kage Shishioh & Mezu

Boss Code

Using them will put you under these conditions:

- No memory card saves
- No name sign in (i.e. high scores)
- No ending (story)
- No tag partner (you fight alone)

To select them at the team select screen, put the cursor on Mezu. Move $\leftarrow \blacktriangle \rightarrow$, you'll be on Gozu. Then circle the screen once counterclockwise, returning to Gozu (Gozu, Rosa, Kim, Mezu, Gordon, Joker, Eagle, Hayate, Chung, KageShishioh, Gozu) and press \textcircled{D} you'll hear Jyazu's laugh. Jyazu is above Gozu's panel, tap \blacktriangle to access him. (\blacktriangle again to return to Gozu). Same for Shin Shishioh, above Kage Shishioh's panel.
