Ghost City

Once every thirteen years, as sure as the sun rises in the east and sets in the west, Ghost City reappears. Located somewhere between life and death, between reality and dreams, the city is home to dark-hearted characters who detest all things beautiful. They steal the souls of good, decent people and use them to make more evil beings.

Soon after the city made its latest periodic reappearance, the residents of Ghost City got their slimy hands on Katherine, a darling 10-year-old girl from a nearby village. They stole her soul, threw her into the dark, damp basement of Demon Manor, and took her soul to the thirteenth floor of the Ghost City Hotel.

Katherine is too little to go up against all that evil by herself. She needs your help. Guide her into Ghost City and protect her from the menacing creatures. Watch out for the inanimate objects that suddenly come to life. Help this terminally-cute little girl to get her soul back!

A Hot Time in the City Tonight!

Get Katherine out of the basement so you can begin on your dangerous journey to the Ghost City Hotel. Katherine can still walk under her own power — she needs you to fend off the attacks of the many nasty creatures in her path. Fire at enemies, but be sure not to hit Katherine.

Shoot at cracks in the walls, or at certain objects, to gain valuable items that will help you keep going. You must guide Katherine to the thirteenth floor of the hotel and recover her soul before Ghost City vanishes again!

Screen Signals

- ① Your current score. You gain points for wiping out evil creatures (see Scoring on page 20).
- ② Shows how much ground you and Katherine still have to cover before clearing the Chapter.
- ③ Katherine's Life Gauge. For each two hits she takes, one of the Hearts disappears. When they're all gone, you lose one player.
- ④ Time remaining. You have to clear the Chapter before the timer reaches zero, or the game ends.
- ⑤ The number of Special Shots you've collected so far. You begin the game with three shots.

Items

Hidden in walls and various objects (tombstones, chests, etc.) are items that will help you to continue your journey. When the item symbol appears, shoot at it. If it moves off-screen to either side, you've got it. If it drops to the bottom of the screen, you blew it!

- ① Collect a 100-point bonus!
- ② Good for one Special Shot!
- ③ Add one Heart to Katherine's Life Gauge!

- Tougher enemies appear not only at the end of each chapter, but pop up in the middle as well. Make sure you have a few Special Shots ready to use on them!
- When firing, keep a safe distance from Katherine. The shots hurt her as much as the ghouls and goblins do!
- Bats and other creatures that can fly are especially difficult to hit. You might need to use a Special Shot to get past them!
